★ MobileApp. The application closes with an error when you press the Refresh button

 **Description:** We can update the page in the app by pressing the Refresh button in the kebab menu of the app.

STR :

1. Run Android Studio Emulator
2. Run Pixel 6 API 33 emulator
3. Run the installed TO-DO application
4. Click the kebab menu button in the upper right corner of the app screen
5. Click the Refresh button

Actual Result : Application closes with an error

Expected Result : page is updated

Environment : android Studio - Pixel 6 API 33

Severity : Blocker

Priority : As soon as possible

!!!Comment!!! FATAL Error occurs when the application is restarted and the refresh is attempted (see attached file)
